Gerflor Group

continually moving forward

To create, manufacture & market innovative, design-led & eco-responsible solutions for flooring, walls & their finishes.

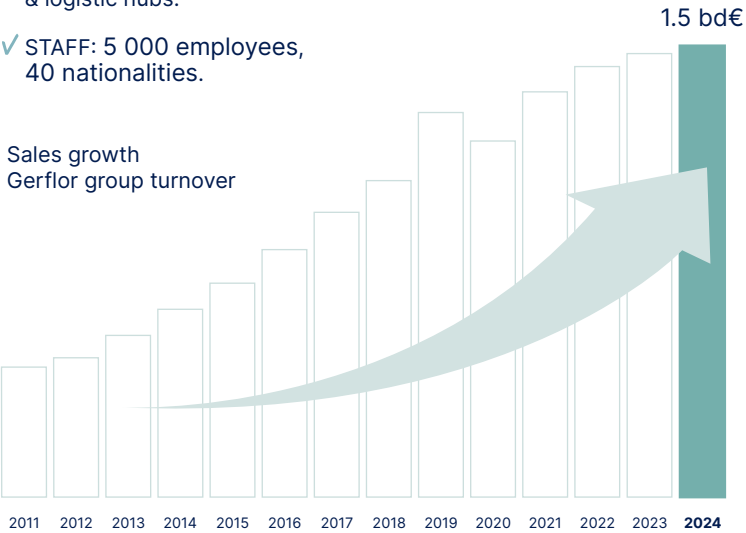

To anticipate the specific needs of the users, specifiers, installers & distributors around the world.

To provide competitiveness & success for all our customers.

International Presence

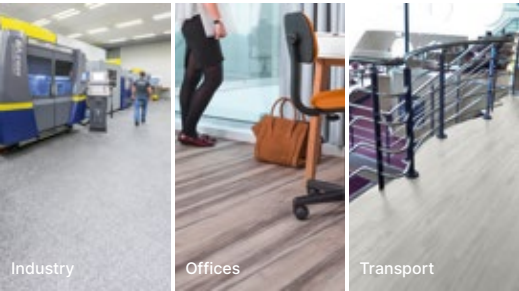

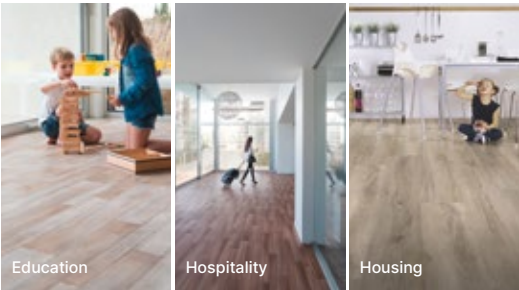

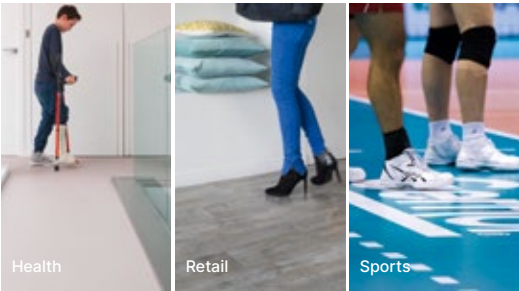

& Proximity to our customers through:

- ✓ 30 subsidiaries & a broad network of distributor partners.
- ✓ 24 production plants & logistic hubs.
- ✓ STAFF: 5 000 employees, 40 nationalities.

Industrial Expertise

in several fields

Design
trendy & creativity

Our in-house Creation Studio brings product design originality & freshness.

Decoration solutions

Every year, Gerflor renews its collections and reates new designs.

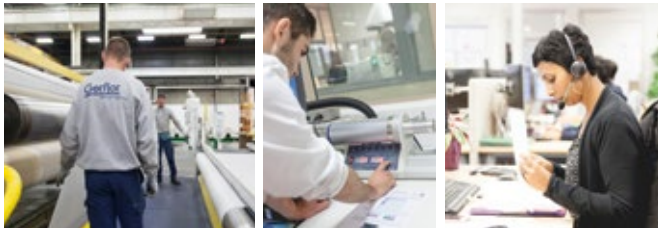

Innovation
Gerflor spirit

3 Research & Development centers dedicated to product innovation.

Innovation distinguishes between a leader and a follower.

Expert
in vinyl tiles and planks since 1985

Quick & easy to install and maintain

Gerflor Group

continually moving forward

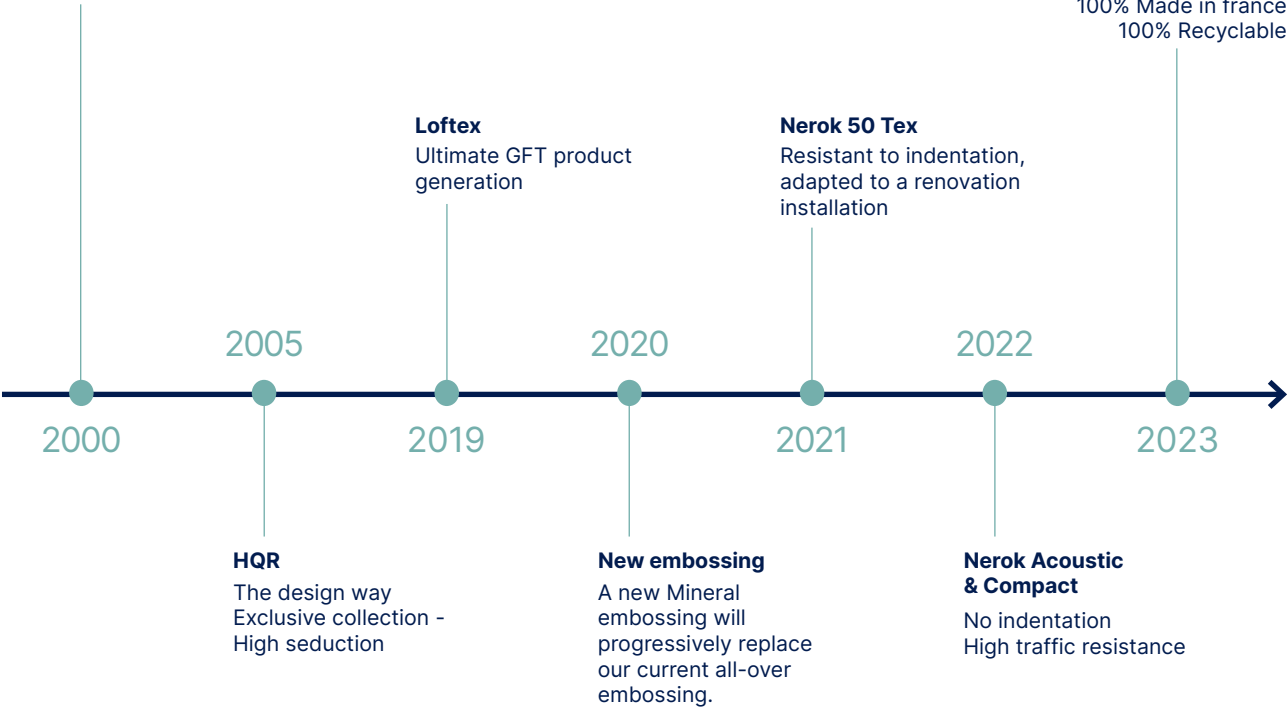

Inventor innovation for the home

Texline
The original patented
GFT textile backing: Unroll it's laid !

Texline Nature
55% natural, bio-circular or recycled raw material
Installation without glue on all subfloors - re-usable
100% Made in france
100% Recyclable

Gerflor committed to people and the planet

Faced with the climate emergency, the Gerflor Group has set sustainable development as a strategic priority and is acting daily on 4 axes

Carbon footprint
25 years: this is the average lifespan of Gerflor floors.
Innovate to facilitate and optimize the cleaning of our floors (create high-performance surface treatments to reduce the carbon footprint of the product over its life cycle by limiting consumption of water, energy and cleaning agents).

>70%
Gerflor floor components are of biosourced, mineral or recycled origin

- OUR MAIN ECO-DESIGN CRITERIA:**
- Material safety (REACH)
 - Durability
 - Recyclability
 - Product lightening
 - Recycled content
 - Ease of maintenance
 - Disassemblability
 - Biosourced content

Indoor air quality
Low VOC emissions
- All our products conform to **Floorscore, AgBB, A+ (France) and M1 (Finlande)** standards.
- TVOC emissions after 28 days **< 100 µg/m³**.
- Gerflor looselay solutions (GFT rolls, tiles and snap-together planks): no glue required.

Recycled Content
Our PVC floors contain an average of 22% recycled material (production waste, installation waste, end-of-life products).

All our recycled content is controlled and compliant with the European REACH regulation. The integration of recycled materials does not degrade the quality or performance of the products.

Gerflor is a French company with heart of production in France and Belgium
82% of products sold in France are made in France
By working as much as possible locally, we reduce our carbon impact linked to transport.

Simulate your renovation project with Gerflor

Thanks to our real-time simulation tools, you can integrate our floors directly into the photo of your home and choose the ideal color. Let your creativity speak and visualize the result before even starting the renovation work.

Gerflor Decoration trends

Artefacto

The Artefacto trend stands out with its bold geometric shapes and bright colors, creating a playful and surprising style. Inspired by the Memphis movement of the 80s, it favors originality and artistic expression. This revolutionary design, although sometimes considered too eccentric, will bring a touch of joy and retro nostalgia to your interior. The materials and textures used recall the spirit of liberation and creativity. Artefacto transforms flaws into qualities, offering a unique and captivating aesthetic.

Authenticity

Soft textures

Onirique

The Onirique trend in decoration is inspired by dreams and the exploration of the subconscious, creating a unique and poetic aesthetic. It uses pastel colors and plays on transparency to evoke celestial and marine landscapes, while contrasting with dark elements such as granite black. This artistic style, influenced by creators such as Fornasetti and Calatrava, offers a vast field of expression to the imagination. It combines softness and mysticism, transforming spaces into true works of art.

Gerflor Decoration trends

Terranova

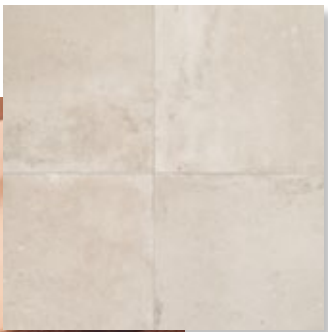

The Terranova trend highlights the purity of raw materials such as clay, terracotta, wood and stone, inspired by the Japanese Wabi-Sabi concept. It values imperfection and the natural characteristics of materials, in contrast to modern and technological surfaces. This style advocates a return to nature and psycho-physical balance, in response to the pandemic and increasing digitalization. Terranova stands out for its authentic aesthetics and a palette of natural colors.

Timeless

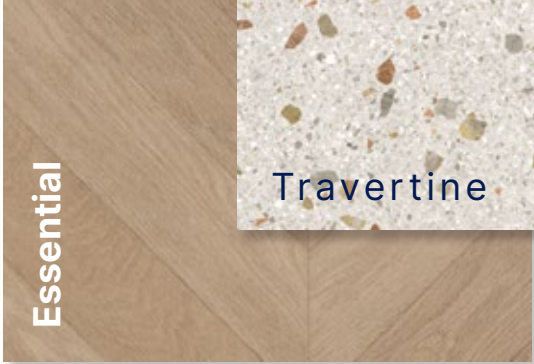

These are the best sellers! Why? Because these decors cross all trends and all years. They last despite your desire to change sofas, tables, chairs, etc., wall colors or decorative objects. These colors adapt to all atmospheres, for modern and classic interiors. It's a return to the essential and the timeless. This trend favors natural materials such as wood and stone, creating warm and authentic spaces. Neutral and soothing colors, such as beige and off-white, dominate this trend. The design emphasizes sustainability and simplicity, with clean lines and functional objects. Finally, the influence of the Scandinavian style is felt, bringing a touch of serenity and minimalism.

Floor-covering with exclusive properties thanks to patented Gerflor Fibre Technology

Features

- Wearlayer and protective varnish
Pureclean finish
- Patterned foam
- Fibreglass interlayer
- Compact stability layer and anti-mould bonding layer
- Textile backing incorporating fibres from recycled plastic bottles

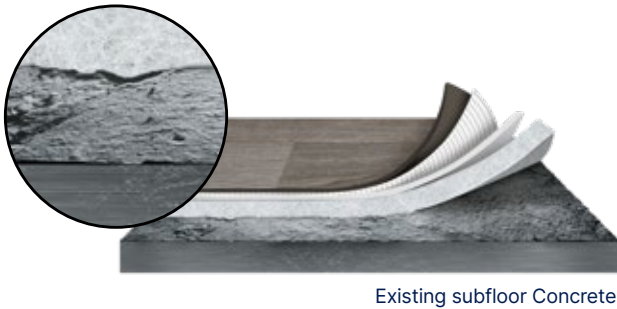

Benefits

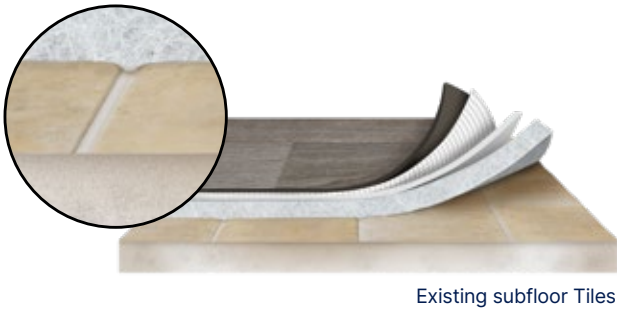

- Traffic resistance
Protection against scuff marks and scratches
- Solvent free ink
Realistic printed design
- Dimensional stability during temperature changes
- Installs with no or with minimum subfloor preparation
- Resistant to indentation
Acoustic comfort and sound reduction

Ready to install

- No adhesive
- No subfloor preparation
- Economical, quick and easy!

Existing subfloor Concrete

Existing subfloor Tiles

GFT fibres smooths out unevenness of the existing floor.

Incredibly comfortable

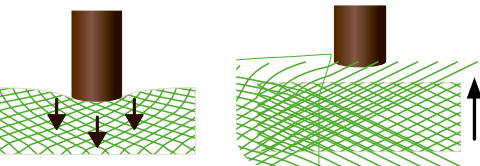

- Acoustics > Ideal for apartments and for covering hard floors that do not absorb noise
- Warmer and flexible > comfortable to walk on

All uses

- Watertight
- Residential products: 2 to 3,1mm thick
- Guaranteed 12 to 15 years

Highly resistant

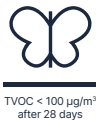

- Scratch-resistant varnish that protects and resists stains
- Resistant fibres that protect against dents

Spring-like effect of fibres

Green

- TVOC < 100 µg/m³
- Textile backing incorporating fibres from recycled plastic bottles
- Laying without glue
- 100% recyclable

DESIGNER

texline nature

The first range of
bio-circular vinyl rolls

**55%* natural,
bio-circular or recycled**

**Laying without glue
can be re-used**

100% recyclable

Direct laying on ceramic
(if joints < 3mm width
and 1mm depth)

MADE IN
FRANCE

*25% chalk, 12% salt, 10% biosourced PVC**, 8% recycled PET
textilerecycled.

**Bio-circular works like green electricity. It involves
a quantity of raw material of biosourced origin, attributed to a finished
product according to the principle of mass balance certified by the
International Sustainability and Carbon Certification (ISCC).

texline *nature* | 55%
of natural, bio-circular
or recycled raw materials

25% chalk
10% PVC bio-circular*
8% recycled textile in recycled PET
12% Salt

*Including 4% ISCC -certified bio-circular ethylene, based on the mass balance principle, and 6% salt. This helps to reduce the amount of fossil-based plastic, replacing it with bio-based materials.

How to care
For your Gerflor floor

Safety tips

- Use plastic coasters or felt pads under the feet of furniture and other heavy objects
- Protect from sources of heat and spills.

Cleaning

Regular cleaning: use a vacuum and a damp mop with a standard, no-rinse detergent solution.
Gerflor recommends using its Power Cleaner for routine cleaning.

Deep cleaning (every 6-12 months): to make your floor shine like new again, use a restorative product.
Gerflor recommends using its Renovator Polish to protect and enhance the look of your floor.
It leaves a matte finish and brightens up colours.

Stubborn stains: use diluted bleach, white spirit, alcohol or lemon juice.

- stains such as tomato sauce, mustard, beet juice, blood, ink and iodine: use diluted bleach, allowing it to sit for several minutes and then rinsing thoroughly.

- rust stains: clean with fabric rust remover and rinse thoroughly.
- marker, pen, grease and glue stains: rub gently with a cloth moistened with white spirit, and rinse thoroughly

Products to avoid: acetone, chlorinated solvents such as trichlorethylene, wax, glaze.
